**NEXO LUCE**

Oxen

Inspired by Bauhaus designs, Oxen by Nexo Luce balances contemporary aesthetics and innovative solutions. The series expresses elegance and minimalism, centering on geometric forms and colour schemes of copper, antique bronze and satin gold, as well as polished chrome, black and white. Featuring ceiling, floor, wall and table lights, Oxen champions the integration between art and design through the simplicity of lines and shapes, using slender frames and glass and metal combinations to create bold contrasts.

**CLAN MILANO**

Walley

Clan Milano's Walley chandelier draws inspiration from the refined aesthetics of the 1950s to deliver sophisticated minimalism and elegance. The collection features solid elliptical frames endowed with a metallic finish, creating a fluid configuration that surrounds white globes in encased glass, while suspended stars emanate a soft luminiscence.

**BROKIS**

Jack O'Lantern

Designed by Lucie Koldova, Jack O'Lantern is inspired by the carving of pumpkins and features a subtle and geometrically balanced structure that offers a wide variety of combinations. Available in surface finishes of chrome and brass, the light can be hung separately or in vertical arrangements. In addition to the suspension variant, there is also a wall composition comprising five frames joined in a single module for up to five glass spheres which rely on gravity to stay in place.

**ANGLEPOISE**

Original 1227 Mini Ceramic

The Original 1227 Mini Ceramic series by Anglepoise exudes simplicity and elegance, combining the glossy smoothness of pure bone china shades with chrome-plated fittings and grey fabric cables for subtle textural contrasts. The four-piece collection radiates soft, ambient light as the white gloss shades turn translucent, while a debut cluster pendant is both a contemporary take on the chandelier and a statement-making addition to the range.
